If you wish to do this, please write to the Information Rights Manager, University of Bristol, Senate House, Tyndall Avenue, Bristol BS8 1TH, enclosing a copy of your original request and explaining your complaint. Please include an address for correspondence. The full complaints procedure is set down at <http://www.bris.ac.uk/foi/publicinfo/review.html>.

Dear Mrs Marriott

Freedom of Information Request

I am writing in response to your letter of 22 February to Peter Read, Senior School Administrator in the School of Clinical Veterinary Science, requesting further information in relation to the following:

- (a) Agreements with Hill's Pet Nutrition to sponsor a clinician within the Small Animal Practice and a veterinary nurse in Small Animal Intensive Care and Emergency Medicine

The University is not obliged to provide you with the information requested as it is considered that disclosure of this information would be prejudicial to the commercial interests of both the University and Hill's for the purposes of section 43(2) of the Freedom of Information Act 2000 and that there is no overriding public interest in providing this information. Furthermore, Hill's has declined to allow us to release any part of this information.

- (b) Agreement with Hill's to provide one lecture on nutrition to Veterinary Nursing students and to address veterinary undergraduates three times during the five-year course

See (a) above.

- (c) Supply of pet food to The Langford Trust for Animal Health and Welfare

This is a long-standing ad hoc arrangement that has continued for the past ten years or more. There is no contract or memorandum of agreement in relation to this arrangement.

- (d) BBSRC CASE funded postgraduate student

Application for information concerning this matter should be made to BBRSC.

If you are not satisfied with the University's response to your request you may ask the University to review the response.
